house #	directional prefix	street name	street suffix	directional suffix	unit #

Help Block C

An explanation of the Seller Web Authorization field:

This field provides the seller with the ability to:

Help Block D

(1) Allow the broker and the Roanoke Valley MLS to display both the property information and address on public web sites. The display of the property address is subject to the authorization of (a) the seller, (b) the broker, and (c) the Roanoke Valley MLS. If one of these three authorities prohibits the display of the property address, neither the broker nor the Roanoke Valley MLS will display the address on public web sites.

(2) Allow the broker and the Roanoke Valley MLS to display the property information on public web sites, excluding the address.

(3) Absolutely prohibit the broker and the Roanoke Valley MLS from displaying the property information on public web sites.

An explanation of the Seller VOW Authorization field:

Virtual Office Website (VOW), as defined by Section 11 of the MLS Rules and Regulations:

11.1(a): A Virtual Office Website ("VOW") is a Participant's Internet website, or a feature of a Participant's website, through which the Participant is capable of providing real estate brokerage services to consumers with whom the Participant has first established a broker-consumer relationship (as defined by state law) where the consumer has the opportunity to search MLS Listing Information, subject to the Participant's oversight, supervision, and accountability. A non-principal broker or sales licensee affiliated with a Participant may, with his or her Participant's consent, operate a VOW. Any VOW of a non-principal broker or sales licensee is subject to the Participant's oversight, supervision, and accountability.

This field provides the seller with the ability to:

(1) Allow the agent/broker who operates a VOW to include a feature that produces an automated valuation (a computerized estimate of the value of the property).

(2) Allow the agent/broker who operates a VOW to include a feature that allows the public to write online reviews (comments) about the property.

REO Properties

Help Block E

REO = "Real Estate Owned" - *Property acquired by a lender through foreclosure and held in inventory.*

Source: Barron's Real Estate Guide - Dictionary of Real Estate Terms, 4th Edition

By checking the REO checkbox on REO properties listed in the MLS system, (1) listing reports will clearly identify such properties and (2) MLS property searches will accurately find such properties.

Help Block F

What is a manufactured home? A manufactured home (formerly known as a mobile home) is built to the Manufactured Home Construction and Safety Standards (HUD Code) and displays a red certification label (the HUD tag) on the exterior of each transportable section. Manufactured homes are built in the controlled environment of a manufacturing plant and are transported in one or more sections on a permanent chassis.

What is a HUD Tag? The HUD Tag is a red metal plate that is affixed to the outside of the manufactured home. Section 3280.11(b) states, "The label shall be approximately 2 in. by 4 in. in size and shall be permanently attached to the manufactured home..."

What is a Data Plate? The Data Plate is a paper label affixed inside the home and is located in a kitchen cabinet, an electrical panel, or a bedroom closet. The Data Plate includes information such as the manufacturer name and address, the serial number and model designation, the manufacture date, the HUD Tag number(s), and appliance information.

For more info: <http://www.hud.gov/offices/hsg/ramh/mhs/mhshome.cfm>
